PLEŠIVIČKA VINSKA CESTA / PLEŠIVICA WINE ROAD

Na Plešivici se može pronaći preko 100 autohtonih vrsta grožđa. Cijelo područje Plešivice karakteriziraju većinom bijela vina, pjenušava i mirna, svježa i lagana, vrlo lijepih cvjetnih i voćnih aroma, ali sve više i odležana, macerirana vina.

Ono po čemu je Jastrebarsko poznato svakako je Plešivčka vinska cesta koja je otvorena još 2001. godine. Upravo zbog položaja koje zauzima mnoštvo manjih i većih vinograda razasutih po brežuljcima Plešivice, mnogi će ih rado usporediti s amfiteatrima, a samu vinski cestu asociirati s minijaturmom Toskanom nadomak Zagreba. Vina iz godine u godinu osvajaju brojne nagrade diljem Hrvatske, ali i šire.

There are more than 100 indigenous grape varieties on Plešivica. The whole Plešivica region is characterised by mostly white wines, sparkling and still, fresh and light wines, with lovely floral and fruity aromas, but there are also a growing number of aged and macerated wines.

One of the things Jastrebarsko is especially known for is the Plešivica Wine Road, which was opened in 2001. Because of the location of many smaller and larger vineyards scattered on the hills of Plešivica, many will compare them with amphitheatres, and liken the wine road to a miniature Tuscany on Zagreb's doorstep. Year after year, the wines win numerous awards throughout Croatia and beyond.
